Pemba is the Capital of the Province of Cabo Delgado in Mozambique. This is the Central point of many megaprojects like Total (Liquified Natural Gas), Rubie Mining, Twig Exploration and many more companies. This being the case, there is an influx of many people in Pemba from all walks of life looking for employment and Services. The Current Population is over 250,000. This is three times as compared to the population Five years ago.

Recently, Pemba has become the centre of Comercial and logistic activities within the Province of Cabo Delgado. The Discoveries of Natural Liquified gas in Palma (Northern district of the Province), the discoveries of other Minerals like Ruby, Graphite, Gold within the Province and the growing Tourism Industries, are among the factors that influence the influx of people in Pemba.

All these projects call for many people to get concentrated em Pemba, the pinnacle of all Logistica, Comercial and Administrative activities. In one way or the other, these people need to eat and get some of the supplies to their various camps. In this case, High Mile Comercial, Lda has come as a response of food supplies to the locals living in the city, to those living in the neighbouring districts and those concentrated in the camps of the Mega Projects as Total, which is exploring natural and Liquefied gas in the Province which is hiring over 5000 people and which is expected to higher more than 18000 people.

High Mile Comercial, Lda, makes part of the Forum of the Companies of the Province of Cabo Delgado, whose main aim is to promote quality and quantity of food Products so as to supply the Mega project Company Total, which is the main share holder in the Natural Liquified gas in Palma, within the Province.
